

I'm working new roll levels for COST and KMX. I'll look to exit any other trades that expire today near the close if they happen to end up in-the-money, but I don't expect any of them to at this point.

I am working to roll my COST calls from the August 3rd \$217.50 call to the August 10th \$222.50 call for a \$1.66 credit:

		Ratio	Qty	Expiry	Strike	Size	Bid	Theo	Ask	Size	Delta
X	Open	1	5	COST (W)Aug10	222.5	441	1.56	1.55	1.75	328	30
X	Close	-1	-5	COST (W)Aug03	217.5	912	3.20	3.21	3.35	472	-58

I am working to roll my KMX calls as the stock looks primed for a run to the earnings day high over \$81. So, I am working to roll my KMX July 20th \$77.50 calls to the August 3rd \$80 call for a \$0.30 credit. If I do not get filled, I will exit the July 20th calls near the close and look at potential entries in new options next week:

		Ratio	Qty	Expiry	Strike	Size	Bid	Theo	Ask	Size	Delta
X	Close	-1	-10	KMX Jul20	77.5	908	0.20	0.25	0.30	852	-64
X	Open	1	10	KMX (W)Aug03	80	541	0.35	0.40	0.45	452	23
